Ordering and Shipping Instructions

Please order by part numbers and descriptions in our catalog. We charge actual shipping charges due to weight, size, and destination. UPS shipping is between \$10.00 and \$20.00 for most orders. Due to UPS specifications, oversized items such as mufflers, bumpers, sheet metal, mouldings, rear fenders, etc. will be charged at the 70 pound rate. Orders that do not meet the size and weight requirements of UPS, Fed Ex, or Parcel Post will be sent by Motor Freight, collect. Minimum weight charge for Motor Freight is 100 pounds. Please use complete street addresses as UPS cannot deliver to Post Office Box addresses. Most orders shipped the same day received. Satisfaction guaranteed. **Inspect your package immediately as shipping companies will not honor any claim after a week. Save shipping box and packing if there is damage as this is a prerequisite for filing a claim. Contact us and the carrier to report damaged packages.**

Rush Orders and COD Orders: Orders Shipped within the USA ONLY

Rush orders can be sent UPS - Next Day Air or Second Day Air. UPS shipping charges are considerably higher for this service. We can send orders COD if a credit card is not available. UPS charges \$11.00, as of the printing of this catalog, per package in addition to the shipping charges.

Domestic Orders only:

USPS First Class (cheapest way) For packages weighing less than 13 oz. This method of shipping usually cost less than \$5.00.

USPS Priority Mail (faster way) This method of shipping has flat rate and regional rate boxes available ranging in price from \$6.00 to \$16.00. We try to ship packages in the best manner at the lowest cost to you!

Information on any lost or delayed Parcel Post packages can take an additional 60-90 days. We cannot reship an order that has been lost or delayed until the postal service declares the shipment a loss. The postal service does not offer a warranty on any fees involved for reshipping an order.

CUSTOMERS WHO SPECIFY PARCEL POST SHIPPING to a country not offering insurance assumes all risk for loss or damage.

Payment

Check, money order, Visa, Master Charge, Discover Card, and American Express, payable in U.S. funds. Money orders and checks should be made out to Smith and Jones Antique Auto Parts. **MINIMUM BANK CARD ORDER \$15.00 PLEASE.** All parts purchased across our counter or shipped within the State of South Carolina are subject to SC Sales Tax.

Prices

We will strive to maintain the prices in our catalog, but reserve the right to change prices without prior notice as we incur cost increases.

Returned Parts

Unaltered parts may be returned for any valid reason within 30 days of purchase. Please contact us for instructions before returning any parts. Parts returned must be accompanied by a copy of your original invoice along with an explanation of the reason for the return. **NO COD RETURNS WILL BE ACCEPTED. PARTS RETURNED MUST BE PREPAID BY THE CUSTOMER.** Items primed, painted, chromed or altered will not be returnable. A 10% restocking fee may be charged on parts returned without a valid reason or requiring repackaging for resale.

Location

Map and directions are located on the back page of the catalog.

Hours: 9 am to 5 pm, Monday through Friday. Others by appointment.

Radiator and Cooling System

Radiators

NUMBER	NAME OF PART	PRICE
T-3923	1911-12 Round tube radiator	1,160.00
T-3923 A1	1911-12 Flat tube radiator	1,096.00
*T-3923 A2	1913-14 Round Tube Radiator, script	1,160.00
*T-3923 A3	1913-14 Flat Tube Radiator, script	1,096.00
*T-3923 A4	1915-16 Round Tube Radiator, script	1,160.00
*T-3923 A5	1915-16 Flat Tube Radiator, script	1,096.00
T-3923 B	1917-23 Low Round Tube Radiator	885.00
T-3923 BF	1917-23 Low Flat Tube Radiator	790.00
T-3923 C	1923-27 High Round Tube Radiator	885.00
T-3923 CF	1923-27 High Flat Tube Radiator	790.00

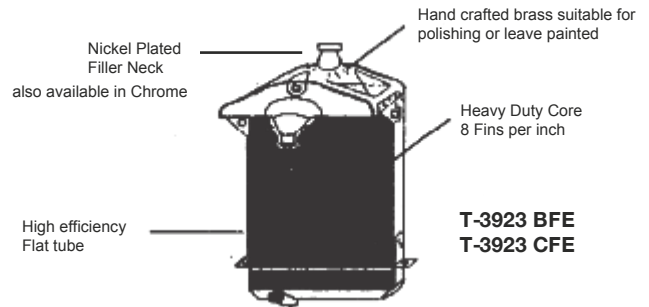

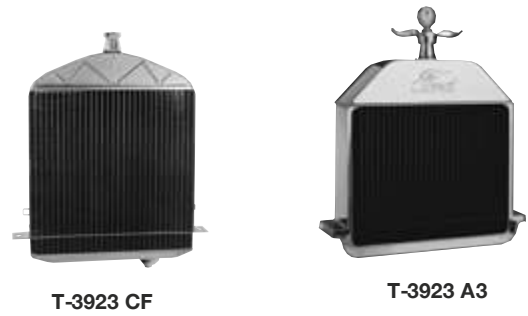

The above radiators are USA made. The round tube is for authenticity. The flat tube cools better. Allow 2 weeks for shipping.

* A 7% Ford Motor Company licensing fee to allow the manufacturer to legally stamp the Ford Script into the top tank of the radiator is included in price.

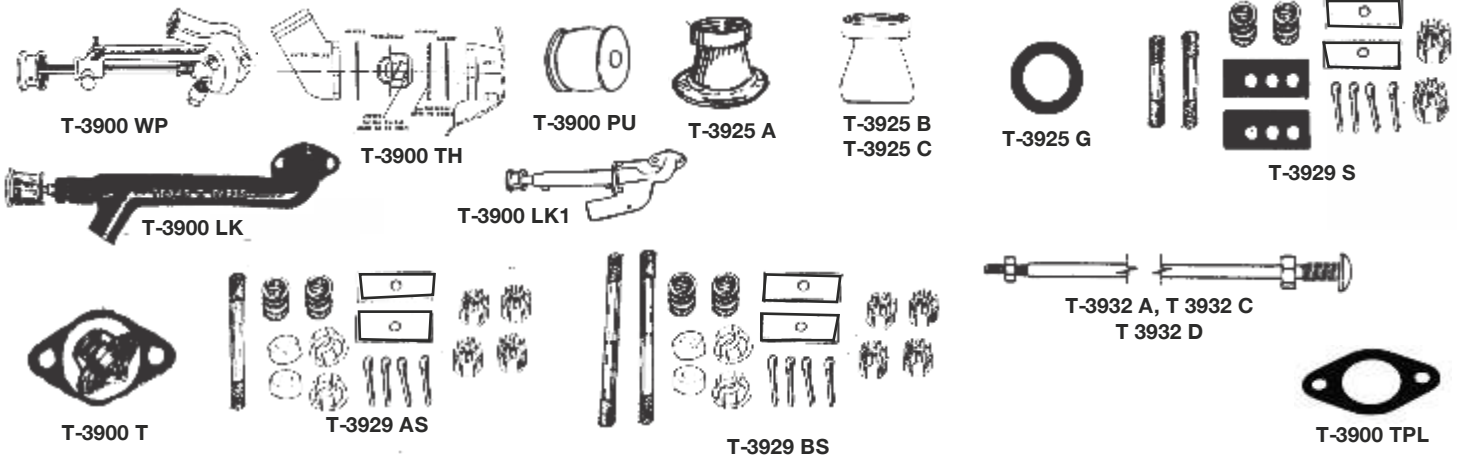

**T-3923 BFE	1917-23 low flat tube radiator	690.00
**T-3923 CFE	1923-27 high flat tube radiator	690.00

**These radiators are not as detailed in appearance as the others, but are capable of cooling just as well. Does not have stabilizer bar across bottom.

NOTE: For identification the 1917-23 radiator core is 17" tall and the 1923-27 radiator core is 18 3/8" tall.

Each radiator is fitted into an original shell and pressure tested for leaks.

Light Switch

In order to supply you with the correct light switch, you must give us the correct part number according to length. Measure the tube from under the head down to the top of the light switch spider retainer groove. Some 1928-29 steering boxes will not accept reproduction rods and will require enlargement on threaded end.

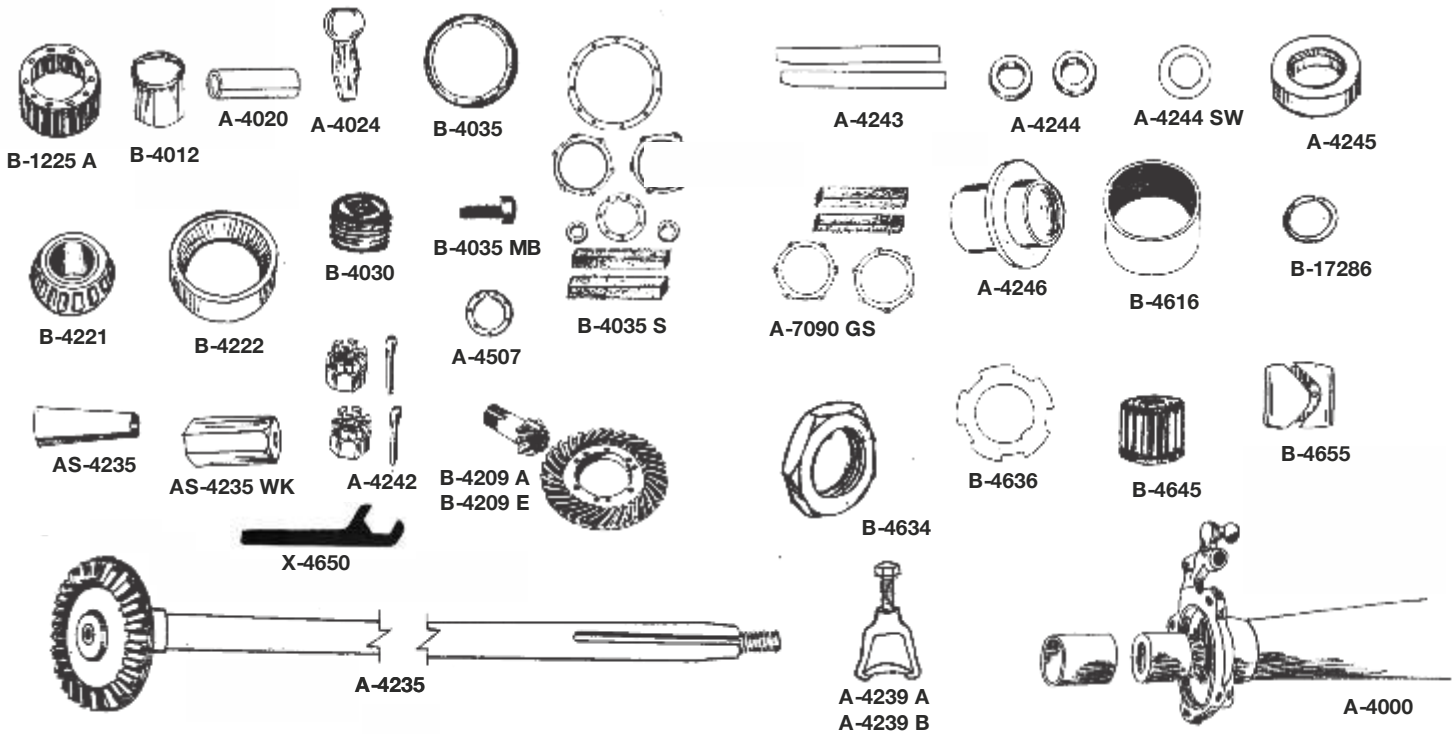

New anti-rattle style horn rods with thicker tubing available by special order - 79.00.

"A" Upholstery

We have two upholstery suppliers. One has been a steady supplier for many years and produces quality products. They also have the ability to make kits according to customer desires. The down side is that they do not have high production capacity and often get behind, making for lengthy delivery times. These kits are listed under A-410000 series numbers.

Our other supplier is more production oriented and has a large selection of upholstery kits available. They also produce a quality product with competitive pricing. We have some of their faster moving products listed in our catalog. We will be happy to quote prices on non listed items. These kits are listed under A-540000 series numbers. This supplier is usually prompt and kits will be shipped directly to you under their label

Shipping is not included in the prices of any of our kits and will be added to your order.

A-4100008 DLX

Seat in A-4100009 DLX

Our upholstery is a lustrous fabric imitating mohair. An excellent quality vinyl is used for the kick panels and rumble seats. No springs are provided, but are available under a separate listing in our catalog. Send \$1.00 for a set of fabric samples. We strive to meet our 8-12 week delivery time. A deposit of 30 percent must accompany the order and the balance is due just prior to shipment. We do not ship upholstery COD. We stand behind our product and will make sure that you are satisfied with it. But we must admit, we have sold more kits at the recommendation of a previous customer than by any other means.

Interior kits include seat upholstery, door panels, cowl kick panels; as well as headliner, upper and lower panels where needed. The seat upholstery comes with its own padding and burlap. Rumble seat covers and panel sets must be ordered separately. All kick panels are glued and stitched. Parts of kits may be ordered separately. Pickup upholstery kit does not include headliner. Headliner can be ordered separately.

Pricing as of January 2011 - subject to change without notice, but not altered once order is placed.

Windshield and Glass for 1928-31 Fords

GLASS: All glass parts are produced using ASI rated safety laminated glass. Overall glass thickness is 7/32" which is compatible with original or replacement glass channels and weather strips. No markings of any type are on any glass parts unless we are specifically requested to do so.

FORD "XXX" WINDSHIELD LOGO: A Duplication of the Ford "XXX" windshield logo is available for all windshields. It is applied with a stencil and is acid etched onto the glass. Placement is in the lower corner of the windshield, reading correctly from outside of the vehicle on the passenger side, unless we are advised differently.

GLASS SETS: Full replacement glass sets include: windshield, side windows and back window. Glass "Sets" should be ordered by set part number and each individual glass part number which apply to the specific vehicle you are ordering a glass set for.

TINTED GLASS: All glass parts can be produced in green tinted glass, add 20% to all prices listed.

A-94100	Model A windshields	115.00
A-94500	Model A front door glass	70.00

BOXING REQUIREMENTS: Total number of boxes required for safe shipments can be calculated by referencing the shipping weights listed for individual parts or sets. A maximum of five parts can be boxed together, with no box exceeding 45 lbs. Windshields always will require a separate box.

SHIPPING WEIGHTS: UPS charges will be calculated and charged.

DAMAGES: In the instance of shipping damage, advise your customer to return the damaged parts to the original container and notify his local UPS office that he has received damaged merchandise. UPS will pick up the parcel and return it to us for processing the claim. Notify us immediately and we will see that the necessary replacements are made on a priority basis.

SHIPPING: All glass will be shipped from the manufacturer to you. Approximate shipping time is 4-6 weeks from date order is placed.

Nails

NUMBER	NAME OF PART	PRICE	NUMBER	NAME OF PART	PRICE
N-3	Body nails, .074 x 3/4" long oval head (100/pkg.)	1.75 pkg.	N-5	Stainless steel trim & body nails, .085 x 3/4" long oval head (100/pkg.)	3.25 pkg.
N-4	Screw nails .085 x 7/8" long flat head (100/pkg.), top moulding & rain gutter	1.75 pkg.			

Paints

NUMBER	NAME OF PART	PRICE	NUMBER	NAME OF PART	PRICE
M-200 A	Engine green (aerosol)	6.00 can	M-325	POR-PATCH, much like POR-15 except thicker and in a tube. It dries hard, fills well, and is impervious to fuels & solvents, 4 oz.	18.00
M-200 B	Engine green (non-aerosol)	13.50 pint	M-400	Ultra black silicone RTV Hi-Temp gasket maker	5.00
M-205	Black lacquer carburetor paint	7.50	M-800	Gas tank sealer, resistant to all fuels, alcohol, additives and solvents. Stops rust, corrosion and leaks permanently. Chemically bonds to metal surfaces. Tank must be cleaned with a degreaser and treated with Metal Ready prior to use	39.00 qt.
M-250	Engine black (aerosol)	4.00 can	M-800 X	Prep & Ready provides good adhesion on any surface. Gently etches metal and neutralized rust for good adhesion of paint and gas tank sealer.	17.50 qt.
M-255	Black high heat resistant 1200 degree	6.00 can	M-800 XG	Prep & Ready same as above in gallon	33.50 gl.
M-258	Aluminum color high heat paint 1200 degree	6.00 can	M-813	Marine Clean Degreaser	11.50 qt
M-260	Cast color (aerosol) high heat	6.00 can	M-825	Rust Cure - Dissolves rust and leaves cured surface for paint (usually dissolves rust in 30 minutes or less).	12.00 qt.
M-300	Designed to be coated right onto rusty surfaces leaving a beautiful rock hard finish, black, POR-15	47.00 qt.			
M-301	POR-15 Solvent, Formulated for cleanup or thinning of POR-15	13.00 qt.			
M-310	Black Cote, designed to be used over POR-15 on chassis. Provides UV protection. High gloss	48.00 qt			
M-311	Black Cote same as above except is satiny semi-gloss. Chassis coat black. POR-15	48.00 qt.			
M-320	Tie coat primer. Easily paints over cured POR-15 using this primer	31.00 qt.			

Lubricants And Additives

NUMBER	NAME OF PART	PRICE	NUMBER	NAME OF PART	PRICE
M-600 K	The best penetrating oil we have found. Loosens stuck together metal parts. Prevents rust. Removes gummed oil, grease and rust. Lubricates air tools. 8 oz. can.	6.00	M-625	STA-BIL concentrated fuel stabilizer - Marine formula, 8 oz.	8.00
M-600 Q	600 weight gear oil - heavy clinging type - usually takes a little over 2 quarts for a car	7.95 qt.	M-630	CRC Brakleen Aerosol - Brake parts cleaner 20 oz.	3.00
M-600 G	Same as above in gallons	29.00 gal	M-632	Master non-chlorinated brake cleaner, 15 oz.	3.00
M-602	SAE 20 non-detergent motor oil	4.00 qt.	M-640	Master carburetor cleaner, 16 oz.	3.50
M-604	SAE 40 non-detergent motor oil	4.00 qt.	A-8501 SPG	STA-PUT - The best water pump grease that we have found. Withstands extreme pressure, high temperature and is water proof. Superior product, recommended for chassis wheel bearing, water pump and universal joint lubrication, 14 oz. tube	6.00
M-610 S	STP oil treatment, 15 oz.	4.00	GREASE	TIMKEN Wheel bearing grease, 16 oz.	5.00
M-616	Sea Foam motor treatment, 16 oz.	8.00			
M-620	Marvel Mystery Oil	4.00 pt.

A SPEEDSTER KIT

For those who prefer the open wheel style of the dirt-track racers so popular in the 1920's & 1930's, we offer the body only kit. With its lean and racy look it draws attention everywhere it goes. The best A racer body on the market today, in terms of ease of construction, ease on pocket book and most important – it will give you the satisfaction of building a car you can be proud of. Full assembly instructions now come with the body, making it perfect for the beginning enthusiast. Order now, so you will be ready to spend next season with the wind in your hair and the crisp note of the exhaust in your ear.

NO. 905 BODY KIT ONLY

(Includes parts 950 through 962)

\$2,890.00

NO. 900 COMPLETE A SPEEDSTER KIT

(Includes parts 950 through 970)

\$4,960.00

NO. 950	Deck, floorboard & risers, seat risers, tank blocks, firewall & tool box	1,450.00	NO. 959	Brass filler neck	200.00

Engines

NUMBER	NAME OF PART	PRICE
A-6000 RB2	<p>Rebuilt engine with all new and/or refurbished parts. Long block complete with head and pan installed. Resurfaced flywheel and pressure plate balanced. Completely assembled with flywheel housing, flywheel, clutch disc mounted and pilot bearing installed. Engines are run on a test stand and checked thoroughly.</p>	3,350.00
	<p>We must have a rebuildable core or additional \$500.00 core charge to cover core expenses. If you do not send your core first then we require \$500.00 up front with the cost of the engine. Any unacceptable core parts will be deducted from the \$500.00 core refund or you will be given an opportunity to replace them. Engines that have been exposed to the elements for years and are extremely rusted are not acceptable</p>	600.00
	<p>Engines must be shipped by motor freight. Shipping weight is approximately 500 pounds. Customer is responsible for all freight charge for engine shipping and core or warranty returns.</p>	Freight on engine depends on destination.
	<p>A crating fee of \$100.00 will be charged in addition to the freight charges. If the core is returned in the same crate used to ship the engine, the crating fee will be refunded.</p>	100.00
	<p>In the case of a defect Smith & Jones does not assume any responsibility for costs incurred in removing or installing the engine. Engine will be returned at customers expense for warranty.</p>	

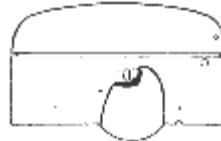

Insulation

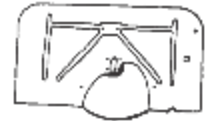

NUMBER	NAME OF PART	PRICE
HR-700770	Space age insulation, 300 degree fire resistant pad with aluminum shield that reflects heat, cold and moisture. Can be used for headliners, turnks, kick panels, rumble seat floor, inside door panels and under carpeting. 48" x 72" x 5/16"	31.00

Moulded Firewall Insulation

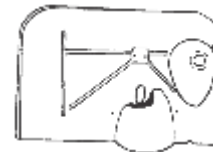

Moulded insulation that fits firewall on inside of car to reduce heat. Has black plastic covering.
